

KATHLEEN O. WYNNE, MPP
Don Valley West

February 23, 2016

Honourable Marc Garneau
Minister of Transport
House of Commons
Ottawa, Ontario
K1A 0A6

Dear Minister *Marc* Garneau,

I am writing to you on behalf of my constituents in Don Valley West regarding their issue about the increase in low flying air traffic over residential areas in North Toronto. The residents have experienced significant increase in noise levels since NAVCAN altered the flight paths of air traffic at Pearson International Airport in February 2012.

A significant number of my constituents are also affiliated with Toronto Aviation Noise Group (TANG), and actively engaged on this issue. TANG has been in discussions with GTAA, and had also communicated with the former Minister Raitt in the matter.

I hope your office can work with my constituents and TANG to find a reasonable solution on the issue.

Thank you for your kind consideration.

Sincerely,

Kathleen Wynne
MPP Don Valley West

CC: Sandra Best Co-Chair Toronto Aviation Noise Group
