

KATHLEEN O. WYNNE, MPP
Don Valley West

February 24, 2015

The Honourable Lisa Raitt
Minister of Transport
Transport Canada
330 Sparks Street
Ottawa, ON K1A 0N5

Dear Minister,

I am writing to you on behalf of my constituents in Don Valley West concerning the increase in low flying air traffic over residential areas in Toronto. The residents of Don Valley West have experienced significant increase in noise levels since NAVCAN altered the flight paths of air traffic at Pearson International Airport in February 2012.

Toronto Aviation Noise Group (TANG) has been actively engaged on the issues on behalf of the residents of Toronto. I am requesting you to consider the enclosed Inch Report which was prepared on behalf of T.A.N.G. by Captain David Inch, as active airline captain with 35 years' experience. The Inch Report sets out solutions on the noise issue and also provides cost and time saving measures for the airline industry.

Thank you for taking the time to read my letter. I hope that you will consider the recommendations in the report and implement successful mitigation strategies on the noise issue as requested by TANG.

Sincerely,

Kathleen Wynne
MPP Don Valley West
